NETRUSH AGILE LOGISTICS

Everything you need under one roof, despite marketplace disruptions or shifting supply chain conditions. Here's a little about how it works!

FBA Processing and Transportation to Amazon

- Bulk receive
- Products are individually inspected, prepared, and labeled per Amazon requirements
- Products are shipped to Amazon facilities; we have standing appointments
- Virtual Amazon check-in management case submissions and account health metric management
- Overflow storage based on Amazon FBA limits

Direct to Consumer (DTC) & B2B Fulfillment

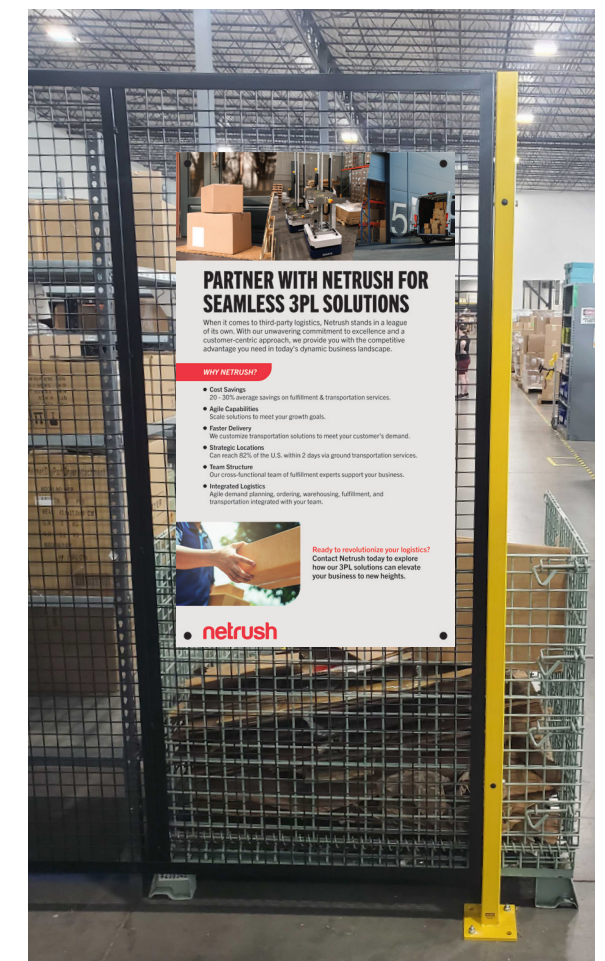

- Bulk receive and storage, including containers
- Pick, pack, and ship orders to your customers
- 1-day, 2-day, and other delivery times at competitive rates to meet customer expectations
- Direct to consumer fulfillment, website, & other eCommerce orders
- B2B wholesale channel fulfillment

Strategic Transportation Analysis

- Inbound freight
- Outbound freight
- End-to-end transportation planning and execution
- Mode optimization, carrier consolidation, cost reduction, and improved on-time shipping performance

Efficiency. Expertise. Growth.
Take your logistics to the next level with Netrush 3PL today.
